Chris,

Please see the attached. We have recently found auto fluff on the roof at the Providence Piers property and there is quite a bit of it. There is only 1 place this can be coming from. It is getting airborne and it is definitely crossing property lines. There is so much that you could rake it up.

There is a hearing tonight at the Providence City clerk's office on a public nuisance petition filed with the city. We were given very little notice of the hearing and the City is already talking like they will punt the ball to RIDEM and EPA, but I doubt they will actually contact you. If you have any questions, please give me a call.

Joseph P. Pemantell, Jr., Esq.
